Inspection booking requirements & notes:

1. Booking: All Inspection confirmation E-mail form need to be send minimum 3(three) Working days in advance by Factory to RSJ Inspection Service Private Limited.
2. Cancellation or Postponement: If there is a change, Please notify us in Written via email not later than 2 working days Prior to Inspection day. The cancellation fee of one man day may be applicable to factory if, a) Notice of change reach to RSJ not before 2 working days. b) Inspection is cancelled on confirming QC date due to goods not ready for the required Percentage or other causes from the Manufacturer. c) The Quality Engineer has left for the inspection trip already.
3. Access: If inspection location is in SEZ/SEEPZ/Loading Port /Government Authorized area/custom area, it is responsibility of the manufacturer (factory) / supplier to get prior permission from concerned government authority to avoid undue problem on day of Inspection for allowing RSJ QE with its equipment's such as laptop, camera, pen drive, Tab, mobile to carry out inspection.
4. Place of inspection: a) The product inspection is required to take place in a clean, well-lit area. Please provide the RSJ Quality Engineer the below to conduct inspection efficiently
5. Equipment: The factory need to provide equipment such color cabinet to our Quality Engineer at the time of inspection to carry Put inspection with calibrated certificate.If calibrated record is not available or machine/instrument is not in usable condition at the time of inspection then RSJ Quality Engineer won't use that instrument and inspection result will be kept as "Pending" and it may affect Shipment release
6. Co-operation: The factory need to extend their co-operation by providing work force to our Quality Engineer for a) To bring the samples to inspection area. b) To open the piece for inspection. c) It is strongly recommended to re-pack the inspected samples/cartons immediately to avoid any mix-up later. Our inspector will provide the status of repacked cartons in the report
7. Sample collection: If Client requested to draw Shipment samples or defective samples during the course of inspection then, our Quality Engineer may draw some samples from shipment. It is manufacturer responsibility to provide such sample with gate pass.
8. Provisional Report: The draft copy of report provided by RSJ QE at the end of inspection is only for your reference. The Final Inspection report will be issued after verification/ review and will be sent to the client. The results stated in drat report may change Subjected to verification by technical department.
9. Witness: Trainee QE, Inspection Manager, Technical Manager, External Auditor of RSJ for onsite audit / surprise audit may come to your factory. Their presence neither incurred any additional charges not affects the final result of inspection.
10. Confidentiality: We, hereby declare that the observation made during the course of inspection, and the results of inspection will be kept confidential by QE, RSJ witness auditor, External witness auditor for RSJ or everyone who has involved during the course of Inspection through RSJ.

11. Service condition: We at RSJ Inspection Service Pvt Ltd. believe in Honesty, Fair Dealing, Confidentiality, Integrity & consider that gift and hospitality are not necessary in business relationship. We do not allow our staff to ask or accept any benefit offered by the customer like money, gift, favor, entertainment, merchandise, ticket, accommodations, free meals, free transportation, gift vouchers or reimbursement of any part.
