## **Associate Quality Professional Program Batch-6 successful completion.**

***“Knowledge is the Beginning of Practice; Doing is the Completion of Knowing.”***

The Associate Quality Professional (AQP) program is a Corporate Social Responsibility (CSR) initiative of RSJ Inspection Service Ltd designed to empower young minds in the student community by sharing industry-based knowledge. Recognizing the challenges college students face in their initial years of pursuing careers in industries such as Textiles and Apparels, the AQP program serves as a bridge to address the gap between industry expectations and the existing skillsets of students. By enhancing their knowledge and preparing them for the future, the program equips students to meet industry needs confidently.

We are thrilled to announce the successful completion of the “Associate Quality Professional Program Batch 6,” conducted from January 30, 2025, to March 20, 2025. Congratulations to all participants for your dedication and commitment to growth!

**Batch 6 details:** We are proud to share the success of the Associate Quality Professional (AQP) Program Batch 6! This initiative continues to inspire and empower students through industry-based training. In the batch 6, over 180 students from 8 esteemed educational institutes participated in orientation sessions conducted in both physical and virtual modes. Of the 150+ students who registered,

49 successfully completed the course, earning course completion and appreciation certificates.

The program is meticulously designed to equip students with knowledge of technical aspects, such as quality standards, inspections, audits, assessments, and their procedures. Additionally, it emphasizes the importance of work ethics and focuses on cultivating essential soft skills, including time management, multi-tasking, effective communication, and presentation skills, preparing students to meet industry demands and excel in their careers.

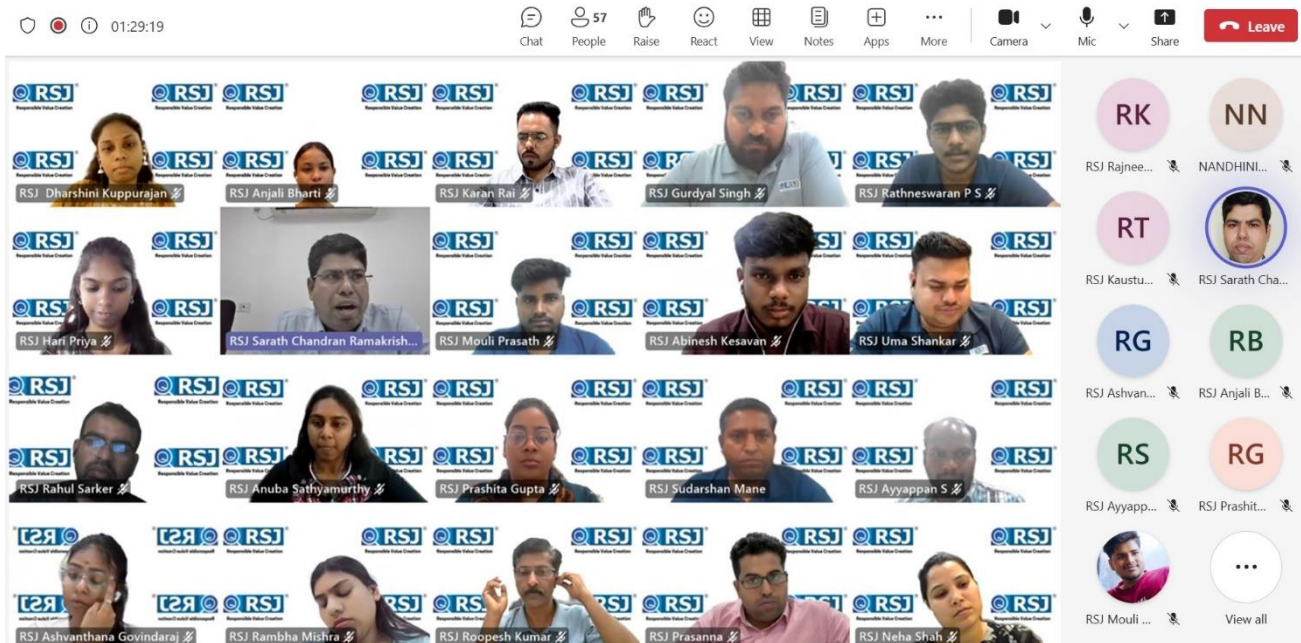

Team RSJ extends heartfelt gratitude to the following educational institutes for their remarkable support and collaboration in making this program a resounding success. Your commitment has been instrumental in connecting with students and bridging the gap between academic learning and industry expectations.
