**NTPC Approved Third-Party Inspection Agency (TPIA) for Document Verification as Qualification Requirement for Tenders**

**RSJ Inspection Service Ltd** is thrilled to announce a significant milestone achieved as we celebrate our 15th anniversary. In this momentous year, we are honoured to be officially approved Third-Party Inspection Agency (TPIA) for document verification as Qualification Requirement (QR) in tenders floated by NTPC. This approval follows our successful application against the "Expression of Interest (EOI) from NABCB accredited Inspection Bodies for getting listed as Acceptable Third-Party Inspection Agency (TPIA) in tenders floated by NTPC," published on the GePNIC portal under Tender ID No. 2023\_NTPC\_77861\_1 dated 19.07.2023.

As Independent Third-Party Inspection Agency, **RSJ Inspection** will authenticate the veracity of documents submitted by bidders to meet the Qualifying Requirements (QR) for NTPC tenders. We are honoured to take on this crucial role and are committed to upholding the highest standards of accuracy and integrity in our verification and certification processes.

In line with NTPC's stringent requirements, **RSJ Inspection** will issue digitally signed certificates and undertakings. These will pertain to the verification and certification of documents related to the Technical Qualifying Requirements (QR) and will be submitted by the bidders along with their other bid documents. This process ensures that all documentation meets NTPC's standards, thereby facilitating a smoother and more reliable tendering process.

As we look ahead, **RSJ Inspection** is enthusiastic about our Vision for the future, striving to become a leader in industry through our Purpose "Responsible Value Creation." This recognition by NTPC, alongside our collaborations with OMC's like BPCL, IOCL, HPCL and PowerGrid represents a major milestone in our history. It paves the way for ongoing growth and enables us to provide exceptional service to the esteemed organisation NTPC and their bidders.
